Post Office Hours.

The Post Office will be open at 7 A. M. and close at 9:15 P. M. All letters put in the outside box up to 9:30 o'clock will be mailed for next morning's mail.

Thanks.

To the gentlemen and ladies who labored so hard to prevent my house taking fire during the burning of the Presbyterian church; and who also assisted in removing my goods from the house and replacing them so carefully after the danger had passed over, I return my unfeigned thanks.

ALICE G. SPARKLE.

Paint Valley Singing Class.

The Paint Valley Singing Class, under the direction of Mr. J. H. Johnson will give a concert on Friday night, April 12th, in the Brick Church in Paint Valley. Admission 25 cents. This concert will be good, no doubt, as there is some good talent to work on in that section.

New Boots and Shoes.

No need of going barefooted any longer, since S. H. Cherryholmes has returned from New York with an unusual large stock of Boots and Shoes for great and small, rich and poor. Call in and see his new styles and his new prices.

Railroad Meeting.

At a meeting in Wooster, held a few days ago, \$65,000 were subscribed toward the Cleveland, Wooster and Muskingum Valley Road. This was done in one evening, and more have since been subscribed. That looks like work. We suggest the propriety of activity all along the line.

Don't Risk It.

In this day of business facilities, when every town is supplied with numerous dry goods stores, there is no need of a farmer buying at his own door and run the risk of being cheated. It is always best to buy everything of a well known, responsible dealer, who has his business reputation to sustain, and who always gives the full value of his customers' money.

A True Remark.

The Pittsburgh Commercial Justice remarks that advertising as a means of property is not as well understood as it should be. It is a fact that no one who has advertised generally and systematically has felt like regretting that he was the best spent money he ever put into his business. As a horse was never made fat by a single bushel of oats, so a single advertisement is never a perfect test of the benefits of advertising.

Bounty.

We see it stated that the House of Representatives at Washington, have adopted a bounty bill so amended to extend the bounty of one hundred dollars to soldiers wherever mustered in previous to August 8, 1861. This will be an interesting fact to those soldiers who in the early days of the war—without promise or hope of bounty—enrolled themselves among the nation's defenders, and with patriotic faithfulness, performed the duties of the camp or entered into the dangers of the field.

New Furniture Rooms.

We stepped into the new furniture rooms of Taylor & Sharp the other day, and were surprised and pleased to see what a large and handsome lot of furniture they have on hand. They have already a large assortment and have more coming. Their new parlor chairs, hand some, their bedsteads, like the chairs of every description, to suit all. Their lounges, rocking chairs, tables, washstands, &c., are all well made and finished. We advise all to call and see them, and we feel confident they will be well pleased.

Railroad Disaster.

On Friday morning last our townman Mr. S. H. Cherryholmes, while returning from New York, made a very narrow escape with his life. About nine miles on this side of Johnstown, Pa., the Express train coming west was wrecked at seven o'clock. The engine and a broken rail. The engine and six front cars kept the track, while the three rear cars—Palace sleeping cars—went off, throwing them down an embankment some fifty feet. The first of the three cars, in which Mr. Cherryholmes was sleeping went down and struck through the ice on the Coney run river. No one was badly injured in this car. Mr. C. escaped unhurt with the exception of a few scratches. The other cars were badly broken up. Two persons were killed and fourteen were injured, some of whom it is thought will not recover.

Fire.

The stirring notes of the old Court House bell warned the citizens of our town about 5 o'clock P. M. on Thursday last, that a fire was raging somewhere within the limits of the corporation. It was soon known that the Presbyterian church was on fire, and in a few minutes hundreds of people had gathered there to stop the progress of the flames. The engine was promptly on the ground, but owing to the dilapidated condition of the hose, and for other reasons perhaps, it was considerable time before any effective work could be done. The citizens with buckets, tubs, &c., did excellent service in protecting the surrounding buildings. Mr. A. Sprinkle's house which stood within fifteen feet of the church, being a frame building, and old, was with great difficulty saved. It was only by the most persistent efforts of Judge Reed's, Dr. Funderburk's and several other houses and stables were on fire at different times, catching from sparks. Had the wind been stronger or in the opposite direction, there is no telling where it might have ended. The most of the church furniture was saved. The bell roused into two parts, and dropped to the ground floor, with a peculiar sound. The fire is supposed to have originated from the flue which perhaps had become overheated or defective. The Sexton had made fire about half an hour previous, in order to warm up the house for evening service. A series of meetings were in progress, which were transferred to the Methodist and Lutheran churches. The congregation will worship for the time being in the Lutheran churches, that congregation being now without a pastor. Steps have been taken towards erecting a new one. We hope that every one will be aroused to his sense of duty in contributing largely of his means to this good cause. Good churches speak well for a community.

IN TOWN AND OUT.

Removal.

A. Shrinipkin has moved his Boot & Shoe store into the building formerly occupied by J. A. Leopold. Mr. Leopold has moved into the room lately known as the Auction room.

Recovering.

Our staunch old Republican friend, Solomon Woodruff has been lying quite ill for several weeks past. He is now recovering, and it is thought he will get along now with ease.

A Fact.

Stewart, the great merchant prince of New York, says that a man who does not pay as much for advertising his business during the year, as he does for rent, does not understand his business. Experience has taught such men the value of advertising.

Talk up your Town.

Talk up and work up your town, and your own townsmen and business. Give encouragement to every useful and creditable enterprise in your midst, for just as certain as effect follows cause, so certain will every enterprise of merit repay every citizen. We cannot live up to ourselves, and we cannot discourage any movement in behalf of a place, without inflicting upon ourselves a personal injury. Denouncing the place where we live as "old fogy," "one-horse," or any such slang terms, is calculated to bring about just such a condition of things as we denounce.

COME TO HAVE A GOOD TIME.

A couple of young chaps came in on the Napoleon train on Tuesday last, to see the sights, and have a little fun in Millersburg. They expected when they landed, to have about four hours' time to do all this in, before they would be called upon to return. Their first stopping place was the Book Store, where one of them got hold of a cheap fiddle and began sawing away, whilst his friend kept time with his jaws and feet. They were happy. Four hours of such happiness was to be theirs before the train would return. It was enough. So much happiness was not often allowed to man on earth. But, alas! when they had their enjoyment worked up to its zenith and were drinking it in in great draughts, some wag told them that the train had changed time—that it would be off in about five minutes. One repeated this astounding news to his friend, and there was running—such running as was never seen on the streets of Millersburg before. Now on the sidewalk, now in the street. On, on they sped. Mail was no obstacle, drays were in the way. They cleared both of a bound. Men hold their breath as they saw them running, supposing them to be thieves, and boys hooted, "Go," thinking they were running a race. Excited and covered with sweat, they reached the depot. They rushed for the door of the car and find it closed. On inquiry they were told it would not start, that it was off four hours. Yet then there was swearing—such swearing, such execration and imprecation of all sorts as was never heard before in that quarter.

New Presbyterian Church.

At 1 o'clock on Friday last the Trustees and a number of the supporters of the Presbyterian church met in the office of D. S. Uhl, Esq., to take the initiatory step towards building a new church edifice in the place of the old one just destroyed by fire. The meeting was organized by calling D. S. Uhl, Esq., to the chair, and appointing T. R. Cunningham and Judge Estlin as Secretaries. The chair stated the object of the meeting to be the erection of a new church, and to find out just what kind of a building was wanted and the best manner of getting it at. It was agreed by motion that immediate steps be taken to erect a new church, and that this house be of brick. It was then thought best that a committee be appointed to make an estimate of the probable cost. A committee of six was appointed, consisting of: Robert Long, Judge Reed, J. P. Larimer and Robert Justice. This committee was to report the following Wednesday evening.

After exchanging views as to the best

way of proceeding to work and the kind of church needed, the meeting adjourned.

"American."

Look to your interest. If you want a Sewing Machine go to the Messrs. Judd's and get a good one, one that is easy to operate and easy to run. The cheap ones are all right, but they are not worth the money they cost. They are all right, but they are not worth the money they cost. They are all right, but they are not worth the money they cost.

A Large Crowd.

On the 2nd, 3rd and 4th of each month, can be seen a continual going in and out at the Western Hotel in Wooster, and strangers and those not acquainted with the facts, are generally attracted to the hotel, and they say that they are always informed by those who know that Dr. Jones the Blind Doctor, is stopping there on those days and does not wait till the last. Remember his charges are very reasonable and if he thinks you can't be cured he will say so.
